Text fields

Single-line, multiline, password and comb fields, with a maximum length, auto-size text, and read-only, required and no-export flags.

Try it: type your name, then press Tab to move through the form.

Club membership

Full name: Sam Carter

Email (required):

PIN:

Code (comb):

Member no. (read-only): M-0042

Nickname (auto size):

Office use (no export): Batch 7

Boat name (Times bold):

Notes (multiline):

Choices

Checkboxes, radio buttons, drop-downs and lists. A drop-down can take typed text, and a list can hold several picks.

Try it: pick yearly, then choose two interests.

Preferences

Rules: ☐ I agree

Plan: ◉ Monthly ○ Yearly

Shared value: ○ A ○ A

Country: United Kingdom

City (pick or type):

Interests (pick several): maths, engines, poetry

Signatures and layout

Sign a signature field with a saved signature. One field can show in two places, and a field can turn on the page.

Try it: sign as the member, then press Reset.

Sign and reset

Witness

Reference (in two places): REF-0042

Reset

Turned: REF-0042

Calculations and formats

Scripts in the PDF format numbers, money and dates, check what you type and work out totals as you go.

Try it: order 3 at 12.50, then give a discount of 0.1 and watch what is due.

Order

Prices in pounds

Quantity

Unit price

Total

Discount (0.1 is 10%)

Due

Delivery date (dd/mm/yyyy)

Age (18 to 120)

Scripts in the PDF work out the total and the amount due after the discount. An age outside 18 to 120 is refused.

Show and hide

A script can show or hide other fields.

Try it: tick the box to show one more field.

Delivery

☐ Send to a second address

Buttons and actions

Buttons can submit the form, send mail, open a link, print or show a message. Inkbar never sends or opens anything itself: it hands each request to the page.

Try it: press Submit, then check the Events tab. The Values tab shows your fields.

Actions

Hello | Ask | Submit

Mail | Link | Print

Send | Site | Clear

Hello shows a message and Ask asks a question. Submit and Send post the form, Mail starts an email, Link and Site open a page, Print prints. Clear empties the form.
